Alumni-Network of Heinrich Heine University Düsseldorf

February 2020

THE ALUMNI OF HEINRICH HEINE UNIVERSITY

Alumna or alumnus your whole life long

Even after you have completed your studies or if you change your job, you still belong. You belong to the community of teachers and learners of Heinrich Heine University. Being an alumnus bonds. It bonds you with Heinrich Heine University, the faculties and institutes, the University Hospital, Düsseldorf as the capital of North Rhine-Westphalia and naturally with your fellow students.

The idea

Former students, teachers and staff stay in touch and benefit from each other through their direct links to the University. This applies for young people at the start of their careers just as for those already established in their profession. Beyond subjects and generations. Beyond all geographical borders.

THE ALUMNI NETWORK OF HEINRICH HEINE UNIVERSITY

- Enables you to remain in contact with friends, fellow students and former colleagues
- Keeps you updated about the latest developments at the University through the Alumni Newsletter
- Gives you access to meetings, events and further training courses in the faculties
- Means not just reminiscing about “the good old days” but also an opportunity to profit from what the University has to offer in future
- Is a valuable network of expertise and experience
- Allows you to keep your university email address – your whole life long!

Join today! Membership is free!

My details
